Step into *New York Times*'s bestselling author Celeste Bradley's world of historical romance in **SCOUNDREL IN MY DREAMS**, a tale of tumultuous romance that proves some mistakes are worth repeating over and over again.

SCOUNDREL IN MY DREAMS is the final installment of a sexy new trilogy featuring three lords, each of whom could be the father of a three-year old orphan named Melody, who has just been dumped on the doorstep of the Brown's Establishment for Distinguished Gentlemen. Now the hunt is on for her mother and each lord has one lady in his past who just might be the one.

The child is his: Jack, or rather Lord John Redgrave knows it the instant he glimpses the blue-eyed girl who was abandoned on the steps of his gentleman's club. Her mother came to his room one dark night more than three years ago—and spurned his proposal the very next day. But when Jack visits Amaryllis Clarke to demand an explanation, he receives the shock of his life. For it wasn't proud, worldly Amaryllis with whom he spent that soul-stirring night. It was her infatuated younger sister, Laurel.

Laurel was only seventeen when she gave her innocent to Jack and paid a steep price. She might be overjoyed about her reunion with little Melody, but Lauren won't surrender to her desires again. Jack, meanwhile, has no wish to give up the daughter he never knew he had. Nor will he part with the sensual woman who makes him feel alive with longing. He intends to use any means possible to convince Laurel to stay. After all, all's fair in matters of seduction—especially to a scoundrel in love...
